WORK EXPERIENCE

Combat Operations Analyst

The Research and Analysis Center - FLVN

09/2021 - Present

Fort Leavenworth, USA

Achievements/Tasks

- Led the predictive analytic effort to detect future trends, forecast threats, and inform temporal material mitigation to counter threat capabilities that supported the Army Future Command CG and Chief of Staff of the Army signature modernization decisions.
- Supported the development of wargame insights to inform Secretary of the Army's POM 24-28 build decisions.
- Led the Future Force Assessment Workshop that provided a comprehensive assessment of the Armor Division organizational structures to complement ongoing and completed modernization capability assessments and to inform senior leaders on the POM 25-29 decisions.

Cryptologic Officer

US Central Command

06/2019 - 09/2021

Tampa, USA

Achievements/Tasks

- Led a team of 14 highly skilled Military Intelligence analysts integrated with the CENTCOM staff.
- Liaised with key CENTCOM elements to coordinate strategic/operational documents of interest to the National Security Agency and US Central Command.
- Supported the development of the Nation's Operational Plans/Contingency Plans, National Intelligence Support Plans, and NSA's Cryptologic Functional Support Plans.

All Source Intelligence/Electronic Warfare Officer

US Army

06/2018 - 06/2019

Camp Casey, Republic of Korea

210th Field Artillery Brigade

Achievements/Tasks

- Senior Intelligence Officer for the Army's most forward-deployed Army Tactical Missile System capable of Multiple Launch Rocket System Field Artillery Brigade.
- Led, trained and developed a 23-person section consisting of Intelligence, Topographical, and Fire Support Soldiers.
- Provided predictive, actionable intelligence for targeting and situational awareness on North Korean artillery to the Counter Fire Task Force Headquarters, Ground Component Command, during OPLAN execution.
